

BLASTEROIDS 2

LEVEL 2 – BLOOD MOON

- This is the enhanced version of the game I added a new lever with a new boss
- This boss has new mechanics for movement
- The boss also destroys asteroids that it comes in contact with to keep the battle space clear
- The environment is meant to embody a galaxy that is overrun with a blood moon the meteors were styled after this
- The difficulty increases as the more rocs are destroyed.

TIMELIENE

BEGAN WORKING ON THIS ON 10-1

COMPLETED WORK ON 12/9
